

# Ten Minutes by Tractor

MORNINGTON PENINSULA

The wine list reflects our passion for wines.

We aim to provide you, with this selection, a context for our range of wines at Ten Minutes by Tractor. You will find the best of what Mornington Peninsula has to offer, as well as a curated list of some of the most exciting and iconic winemakers, regions and grape varieties produced throughout the world of wine.

We strongly believe the idea that great wines are made in the vineyard and thus, we selected producers we know are working hard to craft wines that are the true representation of their origin.

Also, this wine list serves us a tool to engage and complement the menu created by our Head Chef Adam Sanderson and his team who use fresh seasonal and locally sourced ingredients.

Our experienced and professional team of Sommeliers is at your disposition, should you need assistance during your time with us.

We invite you to follow our story.

Our bartender Stephen Zappelli is the creative mind behind this unique selection of Cocktails and Mocktails. Each of them bears names related to the Mornington Peninsula. As much as possible, Australian ingredients are used in the recipes to give a sense of regionality in the glass. We invite you to engage with Stephen, should you desire something uniquely tailored to your likings.

## Savagnin

This is a classic and well-established variety from Jura, a region located in the eastern part of France tucked between Burgundy and the Alps. It is home to a myriad of wine styles and Savagnin plays a major role in this environment. Traditionally, its wines are either made in a fresh, fruit-forward style or more savoury, gaining aromatic complexities from the biologic ageing in barrel. The wines are truly inspiring.

## Austrian Varieties

They represent the rich heritage of their local wine-producing region that is Burgenland. Blaufränkisch and Saint-Laurent are some of the most qualitative red varieties in Austria, that excel in expressing the site in which they come from. Expect the wines to be seriously structured and savoury.

| 2018 | Peter Wetzer, ‘Kekfrankos’ – Blaufränkisch<br><i>Sopron – Burgenland, Austria (Peter Wetzer)</i>               | 89 |

## French Varieties

These are the ones which do not fit the mainstream categories. They tend to come from pockets of winegrowing regions that have been making wines over centuries and consumed locally by the population. As a positive effect of wine globalization, it is now possible to bring these gems to you.

- |      |  |     |

| 2018 | Les Grangeons de l’Alberine, ‘Miss Monde’ – Mondeuse<br><i>Albarine Valley – Bugey, France (Luc Bauer)</i> | 121 |

## Cabernet Franc

It has the power to surprise you with its intrinsic freshness and elegance. Grown in France, Cabernet Franc offers plenty of vibrant dark fruits layered with savoury notes while in Australia, it tends to show a riper, warmer personality.
