Health & Safety

The health and safety of our customers and the Ten Minutes by Tractor team, as always, are our number one priority. We have always upheld the highest standards of health and hygiene practices across our business, but given the current situation, we are taking additional precautions to ensure the safety of all.

Contactless pick up & delivery

We provide a completely 'contactless' collection and delivery service. Pick-ups will be placed in your boot at the front of the restaurant by one of our staff. Deliveries will be placed outside your front door. We simply require to 'sight' someone before leaving premises.
